

# Accu-Series™ of Flexible Dies

A flexible die series dedicated to converters who value quality, cost, and service.

The Accu-Series™ of flexible dies allows you to choose the product features that are most important to your individual application. Every time. It's that simple. Same day turnaround is available on all standard layouts. RotoMetrics' new flexible die series offers distinct opportunities for converters to save both time and money in ways that clearly affect the bottom line.

AccuSmart™

The AccuSmart™ flexible die is the economic choice for today's short to mid run projects. Ordering and shipment to you is quick and easy. The AccuSmart was developed to give you a standard and dependable level of quality, performance and die life that is perfect for standard liners.

AccuPrime™

A great all-around die, the AccuPrime™ provides you capabilities to cut a wider range of both face and liner materials, to extend cutting life, and more — features to make those short, mid, and long runs sing. Adding FlexPlus treatment to your AccuPrime will deliver extended die life.

AccuStar®  
UltraFilm™

Considered the "All-Star", the AccuStar® UltraFilm™ die features the exacting precision tolerances required to convert the most challenging films and liners in today's market, including 23 and 19 micron (.00092" and .00075" ) PET liners. It is made to the tightest tolerances of any flexible die on the market.

AccuStar®  
Life™

AccuStar® Life™ is the ultimate in die life and targets the most abrasive materials converters face today. With a superior ratio of blade geometry and chrome plating, this premier die routinely achieves over 1 million revolutions on thermal transfer material.

## AccuBase™

The AccuBase™ magnetic cylinder is precision-engineered to optimize flexible die accuracy. The combination of the Accu- Series flexible dies with the AccuBase magnetic cylinder delivers the tightest tolerances currently measurable and ensures accuracy even in the most challenging applications, allowing converters opportunity to increase profitability.

## WHY TRUST ROTOMETRICS?

We are an "exact fit" to your distinct needs. We know your presses, tools and materials. We back every tool we sell with the full support of our technical experts, offering advice and insights customized to address your specific needs.

Contact a RotoMetrics representative today to discuss how you can benefit and profit with the highest quality die cutting components offered.
